DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1-15, 26-31, drawn to "a permselective asymmetric hollow fiber membrane" and "method of performing hemodiafiltration", "method of performing hemodialysis" and "method of performing hemofiltration" using the apparatus of Claim 1.

Group II, claims 16-25, drawn to "a process for the preparation of a membrane".

The inventions listed as Groups I and II do not relate to a single inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features. Specially, US PG Pub 2004/0060866, RADUNSKY et al. discloses a similar special technical feature. The special feature disclosed as a permselective asymmetric hollow fiber membrane with at least a hydrophobic and hydrophilic polymer (Pg. 3, Para. 32-33), which allows passage of molecules having a molecular weight up to 45 000 Daltons in presence of whole blood (Pg. 1, Para. 6), and a molecular weight exclusion limit in water of about 200 000 Daltons (Pg. 5, Para. 52).

2. A telephone call was made to Mr. Carlos Tellez on January 14th, 2009 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
